

WELCOME

At Coastal Women's Wellness, women get the individual attention they deserve. The practice specializes in gynecology only, with a broad focus on women's health and expertise in management of menopausal symptoms. Dr. Eustis and Dr. Raney have almost 50 years of combined experience in hormone replacement, including bio-identical hormones and hormone balancing. The practice is designed to give women focused personal attention, including the prescription of customized regimes for each woman's particular needs.

Coastal Women's Wellness is conveniently located in the Medical Offices on the campus of Roper St. Francis Mount Pleasant Hospital and offers a full range of gynecological services and treatment, including:

Hormone imbalance

PMS management

Comprehensive treatment of menopausal symptoms, including hot flashes, insomnia, fatigue, mood swings, decreasing libido

Minimally invasive gynecologic surgery

Urinary incontinence

Preventive women's health

Well-woman exams

Pap smears

OUR TEAM

Elaine Conradi Eustis, MD

Dr. Eustis grew up in Charleston and graduated from the Honors College of the University of South Carolina. She earned her medical degree from Vanderbilt University School of Medicine, where she completed her residency and served as Chief Resident. Dr. Eustis is board certified in obstetrics & gynecology.

Betty Raney, MD

Dr. Raney earned her medical degree from Indiana University Medical School and completed her residency in obstetrics and gynecology at Methodist Hospital in Indianapolis. She is board certified in obstetrics and gynecology, with a special focus on menopause management, hormone replacement therapy and pelvic health.

Heath Grantham, FNP-C

Heath is a certified family nurse practitioner. She completed her undergraduate degree at Rhodes College and graduate training at MUSC. She is a member of the American Academy of Nurse Practitioners and has spent her entire nursing career in the areas of women's health and gynecology.
